Supt. of Mint Phila., Pa.

Dear Sir

Do not want to trouble you, but having seemingly got into a box on May 24th I wrote you regarding the Coinage of 1892 Halves you gave me the Figures on the enclosed card the Mint report which I received today shows for the first 6 months of '92 \$947,291.50 did you mean the Phila. Mint only. Please let me know which is correct as I do not want to put the cards out with a wrong statement.

I see Quarter Eagles 1892 are seemingly short. How was the coinage in them and where would a person likely catch a few of them yet if short.

Please excuse me for troubling you.

Yours Truly,
J.M. Walker

P.S. I have not put out many of the cards yet if wrong I can withhold them. J.M.W.
